Incremental sales lift

Tone Winner

Campaign B

Leads in every channel on total sales

Email is the largest new-customer revenue channel overall.

Campaign B pairs high reach with above-average conversion.

The formal message scales better than the informal message in this dataset.

The recommendation is revenue-driven and suited for immediate budget prioritization.

Campaign	Tone	Channel	Leads	Conv.	Sales
B	Formal / corporative	Email	9,700	48.18%	$225,286
A	Informal / conversation al	Email	7,683	47.22%	$177,367
B	Formal / corporative	Instagram	7,100	48.30%	$166,722
B	Formal / corporative	Web Banner	7,110	47.64%	$164,126
A	Informal / conversation al	Instagram	5,456	48.72%	$127,815
A	Informal / conversation al	Web Banner	5,548	47.12%	$127,213

Channel-Level Evidence

Email: Campaign B delivers $47,918.55 more sales than Campaign A and lifts conversion by 0.95 percentage points.

Instagram: Campaign B adds $38,907.24 more sales, even though Campaign A converts slightly better.

Web Banner: Campaign B adds $36,912.67 and improves conversion by 0.52 points.

Conclusion: the formal tone is the more reliable growth lever when the goal is new-customer revenue expansion.

Channel	B - A Sales	Conv. Delta
Email	$47,919	+0.95 pp
Instagram	$38,907	-0.42 pp
Web Banner	$36,913	+0.52 pp

Secondary recommendation: keep Campaign B + Instagram as the next optimization lane. It combines strong efficiency with meaningful scale and is the best follow-up test after Email.

Recommended Action Plan

Prioritize incremental budget on Campaign B + Email.

Reuse the strongest formal value propositions and CTAs in the email journey.

Test subject lines, offer framing, and onboarding prompts inside Email to raise conversion further.

Run Campaign B + Instagram as the secondary optimization track.

Retain Campaign A + Instagram as a learning benchmark for conversational social messaging.

Note: This recommendation is based on revenue, conversion, and scale. The dataset does not include media spend, so it is not a full ROI analysis.
